

We have faced several challenges the past couple of weeks as we attempted to finalize the agenda for the P-20 Council meeting on Thursday, September 21, 2006. A major presentation planned for September's meeting had to be postponed due to extraneous circumstances.

It is imperative that every meeting scheduled for the Council is well-planned and as meaningful as possible and is a good use of everyone's time. As this planned presentation and resulting conversation were a large portion of the September meeting, we believe rather than trying to pull something together on such short notice that this meeting should be cancelled.

The various Committees of the P-20 Council are working hard to develop processes to review and implement the goals established at the Retreat, as well as to act on the issues as charged by the Governor at the August 22nd meeting. The Committees will continue to meet in the coming weeks and it is anticipated will have actionable items for the Council at its October meeting.

Please mark your calendars for the next meetings of the P-20 Council:
